

OLD COMMONWEALTH.

HARRISONBURG, VA. AUGUST 23, 1877

The Shenandoah Valley Railroad.

Last week we briefly mentioned the fact that arrangements looking to a resumption of work upon an early completion of the Shenandoah Valley Railroad were in process of consummation. There are conditions, however, to be complied with before the work can go on, and we will endeavor to state them, as they were given to us, as well as point out the necessity that exists for a compliance with them on the part of those holding claims against the railroad company.

Major U. R. Boyce, vice president of the S. V. R. Co., has succeeded in getting a party of New York capitalists and contractors interested in the completion of this road, and they have promised to accomplish the work referred to, provided a settlement is made with the company on the terms desired, to-wit: That all those holding claims against the railroad company shall compromise the same by accepting an income bond for the amount so claimed to constitute a first lien on the net earnings of the road. That these income bonds will prove to be valuable paper after the road is completed, cannot be doubted, when we reflect that the road will be encumbered with a mortgage of only \$15,000 per mile, the payment of the interest on which would take precedence of the income bonds proposed to be issued.—Clarke Courier.

SELLING OUT!

As I intend to make a change in my business, I will sell for the next

Thirty Days

my entire stock of Goods at LOW that price will astonish all.

Call and see for yourself.

And be convinced, at

TUTT'S PILLS

A Noted Divine says
They are worth their weight in gold.

READ WHAT HE SAYS:

Dr. TUTT—Dear Sir: For ten years I have been a martyr to Dyspepsia, Constipation, and Piles. Last spring your pills were recommended to me, and I used them (with little faith). I am now a well man, have good appetite, digestion perfect, regular stools, and have gained forty pounds of flesh. They are worth their weight in gold.

Rev. R. L. SIMMONS, Louisville, Ky.
